

## Recent Operations

By Paul Rardin

Another election is history. It's President Roosevelt for four more years.

I'm fast enough not to believe that a handful of my friends told me before the election. This handful of friends preached incessantly that we'd be under a dictatorship during the next four years if Roosevelt was re-elected for the third term. I don't believe it.

I firmly believe that four years from now—if I'm still among those present—I'll be just as free to write and say what I think as I am this very day. Any way, I'm predicting that I will. And, on the morning after the general election in 1944 I intend to go back through the files and sift out this column and reprint it—then say, I told you so.

I know that those who were not in favor of Roosevelt's re-election have a perfect right to vote otherwise. That's the making of Democracy—the right to one's opinion and the right to express it freely.

We saw a splendid example of statesmanship a few days ago when Pepper, Conn. Whitehead, Holland, Paty and Warren all appeared on the same platform and spoke for one common cause. Now let's see a greater unity in forgetting our past differences over national candidates and put our shoulder to the wheel for advancement of America against any foe in a foreign land.

\* If freeholders in Canal Point had had their way in the \$600,000 school bond election, they would have had the schools of the Glades wouldn't get a new dime for improvements. The Canal Point project voted against the school bond 49 to 36. Brown's Farm project voted against it 2 to 1. Pahokee voted against it 10 to 7. Shopping market of 180 to 67 while Belle Glade rang up a grand total in favor of the bonds by a vote of 245 to 18.

Being a freeholder I exercised my right of voting in the election and registered one vote in favor of the proposal. I don't have any children in school. I still remember the hardships I experienced when I was a school kid. The passing years haven't changed the memories of the one-room school house to which I walked three miles during those black Indiana winters. Eight in a class, one teacher and no teacher. A big old coal stove in the center of the room puffing and banging with every gust of the winter wind. One class trying to recite lessons while others tried to vainly prepare their notes. It wasn't good.

Now, in this a new era we have opportunity to give our youngsters of our day the finest in modern facilities and I say let it do. The little girls and boys of today are the men and women of tomorrow—let's provide for them every modern educational facility in order that they may prepare themselves to make a living in a struggling world when they finish school.

Results of Tuesday's bond election should strengthen the friendship between Pahokee and Belle Glade. Pahokee freeholders voted a whopping majority in favor of the bonds when it meant a new school for their children. I know in Belle Glade should appreciate—and I know they do—this friendly gesture. Belle Glade is entitled to and should have a high school town with a growing population like Belle Glade should have one of the finest high schools in the state. The town is large enough to support it and the students are entitled to a high school at home.

To Canal Point fathers and mothers who voted against the bond and automatically agreed you didn't want Belle Glade to have a high school—how about putting the bond on the other foot. How would you like for your youngsters to ride a bus the same distance as those kids to attend high school? "Think it over!" I don't think you should have a high school in Belle Glade—or do you?

## Here Are a Few Things That Happened 15 Years Ago In The Glades and Were Recorded by The Everglades News

The enumeration of bath tubs in the Everglades goes on and six more real tubs have been discovered—this excluding the tin tubs feller tried to ring in on the encephalitis. Although under the conditions of the contest nothing but real tubs count.

Charles E. Mitchell who was commissary man for the railroad contractors has sold his lot on Pahokee road to the Standard Oil

### A BETTER PLAN

My wife and I both quarreled one day.

We've not yet sprouted wings. I said "I wish you'd change your way."

Another plan I had was to say "Don't buy such foolish things." She said, "the things I want I'll buy."

That's what I'll tell you know? And then for fear our love would die

I kindly said, "I'll go."

Don't buy such foolish things. I said to her "Sweet Angel."

Our money's almost used. You know I'm working every day.

If you help what you can I think we will keep the wolf away.

This proved a better plan. —FRANK FRIEND

ed in this region. Canal Point will get a \$20,000 appropriation for a new combination auditorium and gymnasium and new cafeteria building.

Pahokee will have a new auditorium, four or more school rooms to the elementary building, and a new Vocational school building, and \$20,000 for negro school expansions and recreational grounds.

Belle Glade will come in for around \$100,000 for a new combination High and Junior High school structure, a new cafeteria and elementary school reconditioning, as well as \$20,000 for a new negro school and recreational grounds. Belle Glade has long sought and worked for its own independent high school, and under this act it was obtained.

South Bay, which is in district 4, with south county schools, will be given around \$18,000 for a new gymnasium-auditorium and cafeteria.

The Glades schools have already had a high rating in the county school system, and with these additions in view greater strides can be expected. The ever increasing enrollment of the schools will give proper housing and better courses of study.

Peacock pulled off a new stunt when twice he threw the ball into the end zone as a ground saver and it was pretty smart foot ball at that. He did some outstanding field work that brought the crowd yelling to its feet.

Fort Lauderdale went over the line for two touchdowns, which of course called back for offense play but one of the touchdowns was made good on the same play a moment later.

Captain W. A. Stevens handled his Pahokee team in a masterly manner, and the entire eleven players who went into the game were of the key man playing the entire contest. If we did not win a point more, we did score a moral victory over the visitors, who later admitted that Pahokee had given them the toughest battle of the year.

On Monday afternoon Coach Hobson had the squad out for high practice, to get some of the zerkness out of their bodies, and many of the lads showed marks of the grueling battle with Ft. Lauderdale.

Photographers were on the field getting pictures of the team.

During the week the team has been out for final tuning up for the hard game at Ft. Pierce tonight.

Amusement was made that the scheduled game with Stuart at Laird field could be played on Tuesday night, November 12th, instead of on the 10th, as previously scheduled.

## Lauderdale Trims Hobsonmen Friday Night In Thriller

### Broward Eleven Won From Locals In Last Minute Of Play

The largest Glades crowd of the season saw one of the closest and best contested football games ever played on Laird field, last Friday night, when the Ft. Lauderdale Flying L's clashed against the fine Devils, and won in the last minute of play by a score of 15 to 13. This victory was the first one in five that the Broward county gridlers have taken in the series played by the two teams.

The L's were a much more experienced team, a much heavier one and had far more reserve power than that of the local Hobsonmen.

The L's were a much more experienced team, a much heavier one and had far more reserve power than that of the local Hobsonmen.

The Pahokee team after the first quarter, played like an inspired team, and set the hearts of the fans aflutter, and up to the last minute of play it looked as if they might win.

The game that disastrous pass which made the victory touchdown possible. On the first play after this recovery Lauderdale

desperately for victory, got a long pass away to Pahokee's two yard line, and then a plunge thru center scored the winning touchdown.

The first quarter went scoreless, although the L's threatened several times but were held by the Hobsonmen.

In the second quarter, Ft. Lauderdale managed to get its structure back on its feet.

In the third quarter Pahokee really began playing foot ball, and one Mr. Peacock began to form his fine work, and with his passes, line backs and punts had the Lauderdale lads in a dizzy and two touchdowns were scored for 13 points. His work stamped this little plucky chap as the outstanding back field man of the season.

Peacock pulled off a new stunt when twice he threw the ball into the end zone as a ground saver and it was pretty smart foot ball at that. He did some outstanding field work that brought the crowd yelling to its feet.

Fort Lauderdale went over the line for two touchdowns, which of course called back for offense play but one of the touchdowns was made good on the same play a moment later.

Captain W. A. Stevens handled his Pahokee team in a masterly manner, and the entire eleven players who went into the game were of the key man playing the entire contest. If we did not win a point more, we did score a moral victory over the visitors, who later admitted that Pahokee had given them the toughest battle of the year.

On Monday afternoon Coach Hobson had the squad out for high practice, to get some of the zerkness out of their bodies, and many of the lads showed marks of the grueling battle with Ft. Lauderdale.

Photographers were on the field getting pictures of the team.

During the week the team has been out for final tuning up for the hard game at Ft. Pierce tonight.

Amusement was made that the scheduled game with Stuart at Laird field could be played on Tuesday night, November 12th, instead of on the 10th, as previously scheduled.

## Canal Point Team Best In The Glades In Touch Foot Ball

### Will Play W. P. B. Team For County Honors

Canal Point school patrons can be quite proud of its touch foot ball team, which made a fine record during the past few weeks. The team was five of its six games and tied one and chalked up a total of 91 points against its opponents.

The score record is as follows: Pahokee: 7-0, 0-0; Belle Glade: 12-0, 5-0; South Bay, 38-0, 26-0. This gives the team the Glades section championship and they will stand up against the West Palm Beach team for county honors.

It also develops the fact that Canal Point has some outstanding players who will be wearing Blue Devil uniforms in the years to come.

Six man foot ball teams have been organized in the county junior highs, which include Delray Jupiter, West Palm Beach, Lake Worth, Canal Point, Pahokee and Belle Glade, and a schedule of games has been arranged for the teams.
